Week 1

My Hobbies

English Assistance Rote – Grammar
Focus: **Like / Love / Enjoy + V-ing**

1. Useful Words – Hobbies

- reading novels
- listening to music
- playing football
- painting / drawing
- taking photos
- cooking / baking
- traveling
- gardening
- playing video games
- watching movies
- playing the guitar
- swimming
- hiking
- writing a journal
- shopping
- hanging out with friends

2. Grammar Focus: Expressing Likes & Dislikes

Kalau kata kerja muncul **setelah** verb of preference, kata kerjanya pakai bentuk **V-ing** (gerund). *After these verbs, the next verb takes the -ing form.*

Level	Pattern	Example
😍 Very positive	love / adore + V-ing	I **love** watch**ing** horror movies.
🙂 Positive	like / enjoy + V-ing	She **enjoys** cook**ing** for her family.
🙂 Positive (casual)	be into / be keen on / be fond of + V-ing	I'**m really into** play**ing** badminton.
😐 Neutral	don't mind + V-ing	I **don't mind** wash**ing** the dishes.
😟 Negative	don't like / dislike + V-ing	He **doesn't like** wak**ing** up early.
😫 Very negative	hate / can't stand + V-ing	I **can't stand** wait**ing** in long queues.

Preposition + V-ing
Setelah *preposition* (in, at, of, about) kata kerja juga jadi V-ing.

- I'm interested **in** learn**ing** Korean.
- She's good **at** draw**ing** anime.
- I'm tired **of** scroll**ing** social media.

Frequency adverbs (letaknya sebelum kata kerja utama)
always › usually › often › sometimes › rarely › never

- I **usually** go jogging on Sundays.
- We **sometimes** play chess after class.
- He is **never** late for practice. *(setelah to be)*

3. -ing Spelling Rules

Rule	Examples
Most verbs: + ing	read → reading, play → playing, watch → watching
Ends in silent **-e**: drop e + ing	dance → dancing, make → making, write → writing
1 vowel + 1 consonant (stressed): double + ing	swim → swimming, run → running, shop → shopping
Ends in **-ie**: change to y + ing	lie → lying, die → dying, tie → tying

⚠ **Common mistakes**
~~I enjoy to read.~~ → I enjoy reading. (*enjoy* selalu + V-ing)
~~I am liking playing games.~~ → I like playing games. (*like* = stative verb, tidak dipakai dalam bentuk continuous)
~~I'm interested in play football.~~ → I'm interested in playing football.

💡 **Like + V-ing vs. Like + to V** – Dua-duanya benar: *I like swimming / I like to swim.*
Tapi **would like** (= ingin) selalu + **to V**: *I **would like to try** surfing someday.*
📘 **IELTS tip** (Grammar for IELTS, Unit 2): stative verbs such as *like, love, want, know* usually stay in **simple** tenses, so say "I like studying Spanish in my free time", not "I am liking...".
